

Speed Cushion and Humps

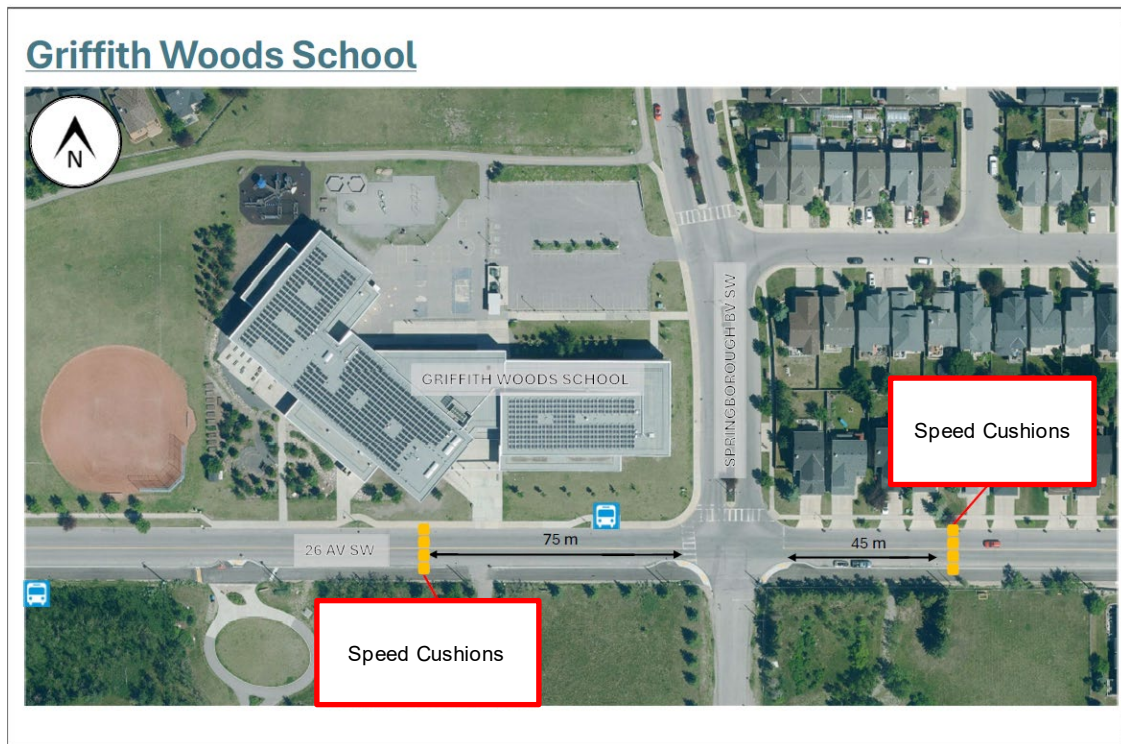

Pilot Project

May 6, 2026

To improve traffic and pedestrian safety near schools, The City of Calgary is introducing a pilot project to install speed cushions and humps to slow traffic at multiple locations.

Griffith Woods School has been selected as one of the locations for the pilot.

The City plans to begin work on installation in the next few weeks at the following locations near your school:

We encourage you to share this news with your staff and parents.
